iOS Developer

Overview

-

DX is looking for a full time mid-weight mobile developer to join its technical team. The role would be ideal a Computer Science graduate who is passionate about the web culture – a natural mobile developer and technical enthusiast, with an in-depth knowledge in iOS platform. As reinventing the wheel has been done already, you will love framework and tools – especially if they are open source. Join the team and you will have the opportunity to work across a variety of interesting projects. DX creates beautiful, and compelling online experiences, for selected brands & clients.

Required

-

• Knowledge of Objective C / C / C++, Cocoa Frameworks

• Proficient use of XCode tools and iOS SDK

• Certificate or equivalent in computer science, Engineering, (or a related field)

Bonus

-

• Hardware experience

• Expertise in any one programming language

• Knowledge of Unity 3D

Please send your CV with portfolio links and a covering note to: *jobs@dx-studio.com*
